Climate Change: How To Secure Investment

Climate Change is not some remote academic issue, but a potential game-stopper for businesses seeking investment.

How do investors expect businesses to respond to climate change?
BCSD-UK has assembled an exceptional panel to explore this subject as part of Climate Week, through live video-linked workshops across the UK and the World Business Council in Geneva.

Pathway Workshops 14th March

Glasgow • Leeds • Grimsby • Birmingham • London • Belfast

Time: 09.30 - 13.00

GUEST SPEAKERS:

- * **Craig MacKenzie:** Head of Sustainability at Scottish Widows Investment Partnership. One of the authors of the [IGCC](#) guidelines issued in January 2012 for company action on climate change - “Institutional investors’ expectations of corporate climate risk management” and co-author of “Responsible Investment”
- * **Rory Sullivan:** Globally respected authority on responsible investment, independent consultant, and co-author of “Responsible Investment”
- * **John Firth:** Founder of Acclimatise
- * **Thierry Berthoud:** Managing Director, Energy & Climate, World Business Council for Sustainable Development (live from Geneva)

The event will be Chaired from London by **PA Consulting**
